# Gaurav Ahirrao

Mumbai, Maharashtra | 7558411157 | gauravahirrao076@gmail.com | LinkedIn | GitHub

## PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building scalable web applications using React.js, Spring Boot, ASP.NET Core, and Node.js. Completed PG-DAC from CDAC Mumbai and 13-week Java Full Stack training at Revature, with strong fundamentals in Data Structures & Algorithms, OOP, DBMS, and RESTful API design. Built 3 end-to-end projects with JWT authentication, Role-Based Access Control (RBAC), and responsive UI.

## EXPERIENCE

**Revature Consultancy Services Pvt. Ltd.** – *Intern* 12/2025 – 03/2026
*Chennai, India | Performance: Good*

- Completed 13-week intensive training on enterprise Java, Spring Boot, Hibernate/JPA, React.js, and SQL.
- Applied Agile/Scrum and REST API best practices in hands-on project simulations.
- Trained on Spring Security, Maven, Git, and Postman; performance rated Good by Senior Vice President, India Operations.

## EDUCATION

**K.K. Wagh Institute of Engineering Education and Research, Nashik** – B.E. Electronics & Telecom; CGPA: 8.03 12/2020 – 06/2024

**Shri Pramod Patil Jr College, Nashik** – HSC; Percentage: 66.15% 06/2018 – 06/2020

**Shri Shivaji Maratha English School, Deola** – SSC; Percentage: 86.80% 06/2017 – 06/2018

## CERTIFICATIONS

**Post Graduate Diploma in Advanced Computing (PG-DAC)** – Centre for Development of Advanced Computing (CDAC), Mumbai 02/2025 – 08/2025

## PROJECTS

**ePathshala – Centralized Academic & Administrative Platform** (Major Project) 02/2025 – 07/2025

**Tech Stack:** React.js, Material UI, Spring Boot, Spring Security, ASP.NET Core, MySQL, JWT, Swagger UI

- Architected a full-stack ERP system for educational institutions, streamlining workflows across 4 user roles: Admin, Teacher, Student, and Parent.
- Implemented JWT-based authentication and Spring Security RBAC, securing 100% of API endpoints against unauthorized access.
- Built 15+ RESTful API endpoints covering user management, assignment submission, attendance tracking, and PDF export (~2,000 lines of backend code).
- Cut manual reporting effort by ~60% via automated PDF export; validated endpoints via Postman and documented with Swagger UI, reducing onboarding time by 50%.

**Indian Wedding Management System** 11/2024 – 01/2025

**Tech Stack:** React.js, Node.js, Express.js, MySQL, JWT, React Router, REST APIs

- Engineered a full-stack portal managing 5+ wedding workflows (venue booking, vendor management, guest tracking) supporting 50+ concurrent users.
- Integrated JWT authentication and role-based dashboards for Admin and Client; improved user workflow efficiency by 40% through iterative UX testing.
- Deployed 20+ secure RESTful API endpoints on normalized MySQL data, achieving sub-300ms average response time.
- Enhanced navigation using React Router; reduced user bounce rate by 30% during testing.

**Mini Social Feed – A Modern Social Networking Platform** 09/2024 – 10/2024

**Tech Stack:** React.js, Tailwind CSS, ASP.NET Core, SQL Server, REST APIs, MVC Architecture

- Designed a responsive social media app with registration, posts, likes, comments, and profile management, with real-time UI updates for 30+ test users.
- Integrated User and Admin roles with dedicated dashboards; admin panel includes analytics and content moderation, flagging 95%+ of policy violations.
- Built reusable React components connected to an ASP.NET Core (MVC) backend and SQL Server; resolved 10+ critical bugs pre-launch.
- Applied Tailwind CSS mobile-first design for consistent layout across 5 screen sizes.

## TECHNICAL SKILLS

**Languages:** Java, C++, C, JavaScript (ES6+), HTML5, CSS3, SQL

**Frameworks & Libraries:** React.js, React Router, Node.js, Express.js, Spring Boot, Spring Security, Hibernate/JPA, ASP.NET Core, Material UI, Tailwind CSS

**APIs & Architecture:** RESTful API Design, JWT Authentication, RBAC, MVC Architecture, Microservices (basics), CI/CD (basics)

**Developer Tools:** Git, GitHub, Postman, Swagger UI, VS Code, Eclipse, Spring Tool Suite (STS), Maven, Docker (basics)

**Databases:** MySQL, SQL Server, JDBC

**Concepts:** Data Structures and Algorithms, OOP, Operating Systems, DBMS, SDLC, Agile/Scrum
